

Innovative online financial tools which are secure and available 24/7 – that’s what Archimedes delivers to Fortune 1000 financial services clients.

“Our clients are some of the largest firms in the financial services industry, and they demand high reliability and security from our web products and hosting services. Mentora has been integral in helping us provide ‘big-firm’ services that meet the highest standards of our demanding clients.”

-Rich Baughman, VP of Technology

Custom Hosting services provided by Mentora at an AT&T Data Center, backed by Mentora’s Application Availability SLA, ensure that Archimedes can deliver the availability, security, and uptime commitment demanded by its clients.

**Archimedes Mission:**

Enable its clients to more effectively connect and communicate with their customers and employees, by creating custom online tools that inform, educate, and help motivate prudent decisions in the college and retirement planning and personalized communications arenas.

**Archimedes’ Challenge:**

Provide its tools over the Web, available 24/7, in a secure fault-tolerant environment that meets the needs and expectations of their top-tier Financial Services clients and allow the internal team to stay focused on development of new, innovative offerings.

**Solution:**

Mentora’s “Named Engineer on Call” Application Hosting services at the world-class AT&T Internet Data Center in Northern VA.

**Benefits:**

- “Big name” AT&T facility to inspire confidence in clients.
- High-touch services from Mentora’s systems, network and database engineers who Archimedes knows by name, providing proactive recommendations, support, monitoring and 24/7 response to ensure their technical team can sleep at night and focus on new work during the day.

**College Savings Planner**  
Your personalized College Savings Planner report helps you take a closer look at how to pay for college using a tax-favored savings option, such as a 529 plan. This report takes your college savings goals into account, summarizing the total projected education costs in your time frame and estimating the monthly savings needed to meet your goals.

Child 1  
Child's name: Child 1  
Child's current age: 2  
Estimate current annual college cost: Select College Search  
College name or type: Brown University  
College cost \$ (tuition, room & board): 45336  
Planned contributions \$: 300  
Frequency: Monthly  
Current savings balance \$: 14500

**Funding for Child 1**

Year	Funded	Shortfall	Un-Funded
2024	\$50	\$80	\$10
2025	\$50	\$80	\$10
2026	\$50	\$80	\$10
2027	\$50	\$80	\$10
